BIG IDEAS IN BIOLOGY: Honors Chem-Bio

You are going to watch the following on-line video about the overall themes of Biology and AP Biology <https://www.youtube.com/watch?v=ibhnP5suqK8>.

1. You are to record information from the 4 Big ideas in the squares below. Take down the most vital ideas from each of the Big Ideas.
2. Then from the previous material on Characteristics of life you, (*alone at first*) are going to categorize each of the 8 Characteristics within the 4 Big Ideas in Biology.
3. After you have categorized all 8 characteristics you will share information with your neighbor and reflect, and explain your categories you chose for each of the characteristics.

BIG IDEA 1: _____

BIG IDEA 2: _____

BIG IDEA 3: _____

BIG IDEA 4: _____
